### APPLICATIONS

CASINGS, NGVs, IMPELLERS, BLISKS

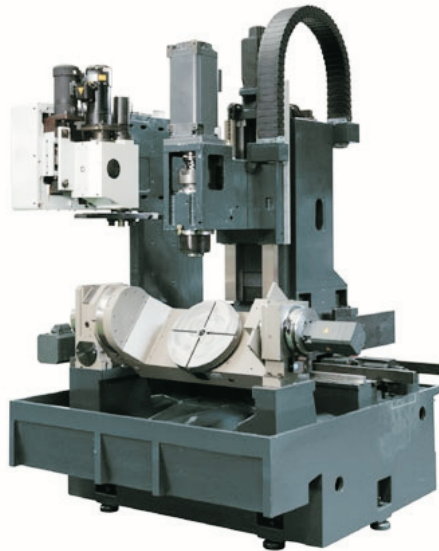

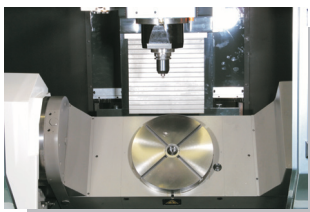

### FIVE-400

Five axis, moving column machining center, with very high dynamics and a high precision rotating table. Machine adaptable to all type of machining needs.

### TECHNICAL CHARACTERISTICS

<b>Double turning rotary table</b>	
Work area	Ø 320 (Op. Ø 400)
Tilting axis turning	+120° -35°
Rotating axis turning	8
<b>Work Travel</b>	
Longitudinal travel (mm)	660
Cross Travel (mm)	400
Vertical Travel (z-axis) (mm)	510
